# COVID-19 RESPONSE

## DISASTER RESPONSE & RELIEF

- Donation of food and personal needs for vulnerable communities
- Donation of PPEs, medical supplies and equipment to hospitals and frontliners
- Provision of financial assistance to LGUs/NGAs for response and relief efforts
- Designing of financial relief and safety nets for employees

## DISASTER RECOVERY

- Provision of financial assistance for the resumption of economy
- Ensuring safe return of employees
- Provision of extended and inclusive support to informal economy and MSMEs
- Collaboration with NGAs/LGUs in transitioning to “new normal” by supporting remote work, managing COVID-19 Resources, employing physical distancing and other health safety measures in their workplace or business establishments, etc.

## DISASTER PREPAREDNESS

- Upgrading health service delivery systems
- Ensuring continuity in supply chain management
- Provision of logistical support for the delivery of goods and services (e.g., bringing agricultural products to markets)
- Support for microfinance institutions
- Partnering with rural banks, cooperatives, microfinance institutions, CSOs/NGOs in delivering financial assistance to most vulnerable and economically displaced population

## DISASTER PREVENTION

- Augmentation of testing, treatment, and isolation capacities of LGUs/NGAs
- Conversion of manufacturing facilities for disinfectant production
- Adopting digital tools for decision support for containment and mitigation
- Catalyzing evidence-informed risk governance through knowledge exchange and dialogues

# DONATION OF FOOD AND PERSONAL NEED KITS FOR VULNERABLE COMMUNITIES AND FRONTLINERS

## Thank you for your generosity!

# PROVISION OF LOGISTICS SUPPORT TO BRING AGRICULTURAL PRODUCE TO MARKETS

San Miguel Corporation (SMC) opened its Petron stations to provide outlet for local farmers to sell their crops.

# CONVERSION OF MANUFACTURING FACILITIES FOR DISINFECTANT ALCOHOL PRODUCTION

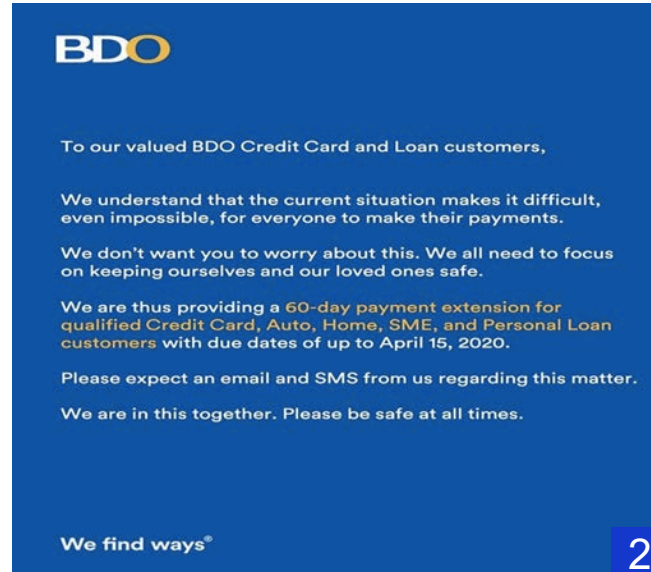

San Miguel Ginebra plant produced 70% disinfectant alcohol for hospitals and communities.

# DESIGNING FINANCIAL RELIEF AND SAFETY NETS

Philippine corporations provided safety nets for employees to cushion economic impacts. The Ayala and SM Groups extended rental payment relief, full compensation to employees and direct financial assistance to service contractors of over P1.0B each.

Banks and Credit card companies such as BDO Unibank postponed due dates on payments of loans and charges.

Utility companies, such as power distributor Meralco, extended their payment deadlines.

# ENSURING SAFE RETURN TO WORK THROUGH PPP

Marikina City Government and private companies jointly administer rapid mass testing in cooperation to company workers before returning to work.

The Ayala Group is implementing a 4T Framework for Triage, Testing, Treatment, and Tracking to protect the health and prepare for the eventual re-entry of its workforce. It converted company-owned private local hospital in Region-4-A to exclusively treat COVID-19 patients.

# DELIVERING RECOVERY SUPPORT TO THE MOST VULNERABLE

1

National Government forged partnerships with local government units, private rural banks, cooperatives, and microfinance institutions to provide alternative ways to quickly disburse government's Php200 Billion emergency subsidy for over 17 million families.

2

Microfinance institutions such as the CARD MRI continued to provide services to financial and non-financial services to its partner MSMEs. MFIs are negotiating with government and the private sector for additional contributions to support micro and small entrepreneurs.

COVID-19 KNOWLEDGE SERIES

**VOICES FROM THE FRONTLINE: BAYANIHAN IN ACTION**

The impacts of the COVID-19 pandemic on the interdependent systems of the Philippines urge leadership approaches to evolve in order to address the challenges of containment, mitigation, and response. Key decision-makers must work through a whole-of-society approach to ensure the safety and security of communities.

This roundtable discussion will highlight the importance of harmonizing and implementing evidence-informed national actions, and establishing a list of priority actions by local government units in close collaboration and alignment with the National Task Force Against COVID-19's mission and program of implementation.

JOIN US as we listen to the voices from the frontline, as we draw on the experiences of our local government leaders, build on their practices, align them with the COVID-19 National Action Plan, and explore public-private partnership.

**LEAD DISCUSSANTS:**

**National Task Force Against COVID-19**

**Hon. Oscar Moreno**  
Mayor, Cagayan de Oro

**Hon. Ronnel Rivera**  
Mayor, General Santos

**Hon. Richard Gomez**  
Mayor, Cebu

**PANELISTS:**

- Local chief executives of NRC and Zuellig Family Foundation partner cities
- Representatives from key national government agencies
- Representatives from the private sector

**April 28, 2020

# TOWARDS BUILDING A FUTURE RESILIENT SOCIETY

- Understand local risk and vulnerability and invest in early detection, early warning, prevention and pre-disaster recovery planning
- Build capacities for crisis management and leadership and learn from good across sectors
- Re-organize to enable collective action against disaster risk

# ADVANCE MULTI-STAKEHOLDER COLLABORATION FOR COLLECTIVE ACTION

NATIONAL RESILIENCE COUNCIL

# THANK YOU
